

# Come Grow with Us!

**Dynamic Dies, Inc., a corrugated box industry supplier & a leading manufacturer of cutting dies & printing plates.**

Dynamic Dies is celebrating 40 years and continuing to grow! We are seeking applications for openings in the following areas:

## **Holland, Ohio**

- **Cutting Die Maker:** Bend, notch, install steel rule cutting dies, according to work order & machine specifications. This is not a tool and die position. Experience not needed. We will train the right person!
- **CAD Programmer:** Programming cutting die design requirements into Cimex. Applicants should have either an Associate's degree with coursework in CAD or a minimum of 2 years CAD experience. Must have knowledge of cutting dies.

Both positions are on 2nd shift. Hours 2pm-10pm.

## **Indianapolis, Indiana & Pittsburgh, Pennsylvania**

- **Die Maker:** Bend, notch, & install cutting & creasing rule & rubber into rotary and flat die boards according to work order & machine specifications.

If you have a great attitude & can validate it during the interview process, then we want to hear from you. We are seeking applicants with a strong work ethic, solid work history, great attendance, detail oriented, & an excellent quality record. We offer competitive pay & a great benefit package. Send your resume w/ salary requirements to:
